

Cutting-edge Interactive Educational Products from Stages Learning Materials —
A New Way for EDmarket Dealers to Sell Educational Apps, Disguised as Traditional Product!

BOOTH # 516

LINK4FUN BOOKS Stages Learning Materials | www.Link4fun.com

Watch the magic happen! New Link4fun interactive children's books work directly with an iPad for a magical experience! Lay the iPad next to the book; no wires, Bluetooth, or any other technical connection required. Turn the book pages and the app comes to life! You sell the book, customers download the app for free.

BOOTH # 516

LINK4FUN FLASHCARDS Stages Learning Materials | www.Link4fun.com

Flashcards come to life! With Link4fun Flashcards, kids use physical flashcards to enrich their iPad experience and learn beyond the screen. Tap the cards on the screen, your iPad reads the invisible ink! Cards come with a free iPad app that has 8 different learning activities teaching picture matching, word matching, site reading and vocabulary.

BOOTH # 516

INK4FUN BINGO Stages Learning Materials | www.Link4fun.com

Bingo with a twist! Add a modern twist to traditional BINGO games! Kids won't even know they're learning while they search their players' cards to find beautiful photographs and site words. Adding the FREE Picture Recognition Bingo Caller's App for iPad and iPhone transforms your Bingo Games into 6 Languages. Great for ESL!

BOOTH # 516

LANGUAGE BUILDER BLOCKS Stages Learning Materials | www.Link4fun.com

Blocks, welcome to the 21st Century! Traditional blocks meet meaningful technology. Includes 40 blocks, 120 colorful structure cards, and free iPad/iPhone app. Free App provides inspiration for hundreds of block structures, and includes a timer and best-time gallery to improve speed. Part of the award-winning Language Builder Series, this is a great tool for autism and PreK.

BOOTH # 317

BOOTH # 606

2-N-1 ACTIVITY TABLE WITH LEGO™ COMPATIBLE TOP Wood Designs www.wooddesigns.com

This compact and economical LEGO™ compatible table is perfect for any child with a big imagination. A LEGO™ compatible top on one side and a race car track graphic on the reverse side make this a versatile table. The extra deep well allows for toy and block storage keeping all manipulatives organized.

BOOTH # 1013

JONTI-CRAFT SINGLE TABLET TABLE Jonti-Craft www.jonti-craft.com

Keep your tablets safe while your child explores new worlds with the new Single Tablet Table from Jonti-Craft! This mobile table was designed so kids sit in an ergonomically correct position while interacting with tablets. Cushioned supports protect the tablet and the open section creates handy storage.

BOOTH # 701

WALKABOUTS ActivEd www.actedinc.com

Walkabouts provide highly engaging supplementary lessons for the PreK-2nd grade learner that are fully aligned with National and State Standards, using physical movements to enhance the classroom learning experience. These 7-10 minute web deployed lessons are designed to enable teachers to best meet the learning preferences of their students.

BOOTH # 916

TECH TUB2® DUAL DUTY TEACHING EASEL Copernicus Educational Products www.copernicused.com

Making the most of every inch in the classroom, the new Tech Tub2® Dual Duty Teaching Easel combines technology with a traditional teaching easel. With an oversized whiteboard, storage for 32 devices and headphones, as well as charging for devices all in one compact unit, this easel has it covered.

BOOTH # 812

SOFTZONE® MATCH N' LEARN DOMINOES ECR4Kids www.ecr4kids.com

Match the soft extra-large domino tiles — 2 with 2, 3 with 3, and more as you practice number recognition and counting with the ECR4Kids Match N' Learn Dominoes 28-piece set. One side features the traditional dominoes game with dots and the other has large numbers. The fun foam domino tiles are covered in heavy-duty vinyl in fun primary and secondary colors. Easy to clean, simply use a damp cloth or sponge using warm water and mild soap, wipe dry.

BOOTH # 1005
